May, 1992

TO: THE CITIZENS AND GOVERNMENTAL OFFICIALS OF BLOOMINGTON, NORMAL AND MCLEAN COUNTY

It is our privilege to present our 24th annual report.

The Commission is working diligently to help the people of Bloomington, Normal and McLean County continue on the path of prosperity.

The staff is well along on the preparation of the new county plan. Two decades hence we will be observing the results of our 1991-1992 planning efforts. We believe we will see people living in well defined, serene neighborhoods that not only offer privacy and healthful living but employment opportunities and shopping facilities within walking distance.

Traffic movement will be safer and more efficient. Education and continuing education will be available in the home and in nearby attractive learning centers through the use of electronics media.

The Commission and the staff will continue to look ahead so you will have the environment and quality of life you and your children deserve. Planning is a powerful tool we are using to make our tomorrows better than today.
